SREE NARAYANA TRAINING COLLEGE

Sree Narayana Training College, Nedunganda is a pioneer educational institution in the field of Teacher Education. The college was established six decades ago in 1958 by Sri. R. Sankar in the name of the Great Visionary Spirit Sree Narayana Guru. The College is located at Nedunganda, a beautiful place near Varkala. The location is known for its serenity and calmness. The locality is hallmarked by the frequent presence of Sree Narayana Guru and Mahakavi Kumaranasan physically once and spiritually forever. The College is a well-established Teacher Education Institution contributing to the Society and Nation. It is affiliated to the University of Kerala, recognized by National Council for Teacher Education (NCTE) and accredited by National Assessment and Accreditation Council (NAAC).

Sree Narayana Training College, Nedunganda is under the potential management of S. N. Trusts, Kollam. The founder Manager of the college is Sri. R. Sankar, former Chief Minister of Kerala and a multi-faceted educationist of all times. The Present Management is under the effective leadership of Sri. Vellappally Natesan. The Management Committee includes the members of the S. N. Trusts Executive Committee and the Principal of the College.

SREE NARAYANA TRUSTS

Sree Narayana Trust has been one of the pioneer agencies in the field of higher education in Kerala since 1940. The trust promotes the upliftment of the weaker sections of the society. The S. N. Trusts is named after the sage, saint, social reformer, philosopher and mystic poet – Sree Narayana Guru, the embodiment of universal fraternity and love. The Trusts aim at realizing the high ideals of Guru who professed the welfare of all without any discrimination on the basis of caste, creed or religion. For the upliftment of the socially and educationally backward strata of the society, the S. N. Trusts started a number of educational institutions all over Kerala.

OUR VISION

We strive to uphold our motto and make it more sound and distinguished. Our value based education helps the younger generation to rejuvenate and bloom the future generation. Thereby, the institution realizes the mission on ***"ENLIGHTENMENT THROUGH EDUCATION"***

OUR MISSION

- " To provide value embedded quality oriented education "
- " To nourish the potentials of the future nation builders "
- " To equip the student teachers to meet the challenges in the global education scenario "
- " To Strengthen The Society Through Unity "
- " To Render Selfless Service to the Humanity "

The Annual Quality Assurance Report (AQAR) of the IQAC, 2017-18

All NAAC accredited institutions will submit an annual self-reviewed progress report to NAAC, through its IQAC. The report is to detail the tangible results achieved in key areas, specifically identified by the institutional IQAC at the beginning of the academic year. The AQAR will detail the results of the perspective plan worked out by the IQAC. (*Note: The AQAR period would be the Academic Year. 1st November 2013, to October 30, 2014*)

No. of Faculty	International level	National level	State level
Attended	2	4	7
Presented	2	4	7
Resource Persons	2	0	6

2.6 Innovative processes adopted by the institution in Teaching and Learning:

- Wi-Fi system has been established which enabled faster and effective networking of academic, research and administrative activities of the College.
- The institution took deliberate efforts to make learning effective through Cooperative and Collaborative learning, Blended learning, Seminars, Role play, Paper presentations, ICT enabled teaching – learning strategies.

- Field works and Study tours. ICT enabled online and offline teaching strategies give opportunities for adopting innovative practices in the teaching- learning process.

2.7 Total No. of actual teaching days 200
during this academic year

2.8 Examination/ Evaluation Reforms .

- Online Assignment submission and evaluation
- Continuous evaluation for theory and practical works..
- Assignments, seminars and tests are evaluated through appropriate rubrics and considered for grading
- Entry and exit behaviours of the students are tested through an Objective Type Test.

2.9 No. of faculty members involved in curriculum

Restructuring/revision/syllabus development

as member of Board of Study/Faculty/Curriculum Development workshop- 10

Members of board of studies University of Kerala (Education) include following members

1. Dr.Rany S.
2. Dr.sheeba.P

In the **two year B.Ed curriculum Revision** of Kerala University 2018-20 five faculty members of our college were contributed in the following manner

1. Dr.Rany S. - Core committee Member
2. Dr.Rany.S - Subject committee convener(Natural Science)
3. Dr.Sheeba.P -Core Committee Convener & Subject committee convener(Mathematics)
4. Dr. Smitha S -Subject committee member(Educational Philosophy and Evaluation)
5. Smt. Sangeetha N.R - Subject committee convener(Psychology & Home Science)
6. Smt. Chitra S - Subject Committee Member(Educational Technology)

2.10 Average percentage of attendance of students 94%

2.11 Course/Programme wise
distribution of pass percentage :

Title of the Programme	Total no. of students appeared	Division				
		Distinction %	I %	II %	III %	Pass %
BEd	91	47	53			

2.12 How does IQAC Contribute/Monitor/Evaluate the Teaching & Learning processes:

IQAC of the college organized several programmes like Bridge course, self-introduction, thought for the week, Retreat, Organization of Cultural Activities, Softskill enhancement programmes like Public speaking and Comprehensive Orientation on the content used at Secondary Level etc. help students to bridge them from Regular Courses to Teacher Education Programme. Co/ Extracurricular activities to develop different skills particularly related to teaching and learning also support them to bridge from Regular Courses. During the successive stages, continuous monitoring and evaluation through multilevel class observation by teacher educators, mentor teachers, peers were conducted in collaboration with IQAC.

The quality of teaching learning process ensured through different planning mechanisms like

- Quality instructional practices with enriched involvement of students
- Regular, Unit wise Test papers
- Implementation of different strategic plans including Debates, Group Discussions, Seminars, Symposium,extempore Speech etc...
- Implementation of activities as per Academic Calendar of the University.
- Follow up activities as per the Academic calendar of the college with special considerarion to Cocurricular and Extracurricular Activities.
- Activities based on comprehensive course plan, unit plan and lesson plan duly prepared by of the department.
-

The faculty members of the college actively participating in various professional development programmes like various Regional, National and International seminars , workshops, research projects .

The entire Teaching learning processes comprehensively classified into three heads viz. Planning, Execution and Evaluation

Planning

- Preparation of Academic Calendar Semesterwise, Yearwise and Coursewise
- Orientation of Syllabus at Semester Level, Year Level and Coursewise Level
- Allotment of Projects
- Preparation of Teaching Learning materials
- Preparation of ICT and Online materials
- Preparation of Timetable as per UGC norms

Execution

- As per syllabus, routine classes were organized and multilevel discussions were initiated.
- Implementation of different tests like Unit Tests, Mock Tests and Semesterwise Model Exams
- Adoption of Continuous and Comprehensive Evaluation in practicals like Projects, Assignments and all allied activities including Practice of Yoga and Sports as specified in the curriculum
- Planned implementation of various Cocurricular and Extra curricular activities like the functioning of different Clubs, Union Election and Union activities, Art and Cultural programmes and Health Practises in Gymnasium.

Evaluation

- Self-evaluation processes
- Student evaluations of teachers and college.
- Teacher Evaluation by higher authorities.
- Evaluation by alumni and PTA.
- Peer Evaluation
- Teacher Evaluation
- Mentor Evaluation

- Evaluation by External Examiners appointed by University of Kerala

2.13 Initiatives undertaken towards faculty development

<i>Faculty / Staff Development Programmes</i>	<i>Number of faculty benefitted</i>
Refresher courses	1
UGC – Faculty Improvement Programme	0
HRD programmes	1
Orientation programmes	0
Faculty exchange programme	0
Staff training conducted by the university	1
Staff training conducted by other institutions	5
Summer / Winter schools, Workshops, etc.	4
Others	3

2.14 Details of Administrative and Technical staff

Category	Number of Permanent Employees	Number of Vacant Positions	Number of permanent positions filled during the Year	Number of positions filled temporarily
Administrative Staff	14	7	0	0
Technical Staff	0	0	0	1

Criterion – III

3. Research, Consultancy and Extension

3.1 Initiatives of the IQAC in Sensitizing/Promoting Research Climate in the institution

IQAC of Sree Narayaya Training College took initiative to maintain conducive research climate to enhance the research attitude of teachers and students through the following activities

FOR TEACHERS

- Research and extension centre of the college organizes monthly meeting to discuss the progress and problems of students and teachers and allied research areas.
- Carried out collaborative research programmes with Governmental and Non Governmental agencies.
- Teachers are already provided with the infrastructural facilities including library, internet etc. to promote their research programmes in connection with the curricular and extension activities.
- Teachers are encouraged to carry out minor and major researches of various agencies including UGC and ICSSR. Project granted by ICSSR is still going on.
- Research and Extension Centre organize various research initiatives to organize and plan research activities
- Frequent interaction among the faculty is organized for planning innovative research programmes.
- The faculty members regularly participated in Seminars and present Research papers and Posters at different International, National and Regional Seminars hosted by us and other Reputed Educational Institutions
- The Faculty Members publish their Research Papers in reputed Research Journals including the Accredited Research Journal of the College- Gurujyothi Research and Reflections with ISSN The college also provide opportunity to publish Research Articles of education experts of India

FOR STUDENTS

IQAC offered opportunities for students in carrying out Minor Research Works/Action researches/Case Studies as part of the curricular practicums and practical works based on the following areas

- Social and educational problems confronted by the students, teachers and student teachers at secondary level
- Development and testing of different tools for carrying out projects as envisaged in the Curriculum.
- Periodic Survey to analyse the existing curricular and co-curricular practices in neighbouring schools during the tenure of Practice Teaching.
- Media and its influence among secondary school students.
- The students organize different Cocurricular and Extra curricular activities like Awareness Classes, Campus Beautification, Rain harvest Projects, organizing the Arts Festivals of respective practice teaching schools etc..

3.26 Major Activities during the year in the sphere of extension activities and Institutional Social Responsibility

In the academic year 2017-18, Sree Narayana Training College organized awareness programme based on the following social issues in the practice teaching schools and neighbouring communities

- Awareness Programmes on Financial management among fisher women in Anthuthengu Grama Panchayat.
- Awareness classes on the impact of deforestation, and need of planting saplings.
- Awareness classes on Coconut diseases and its remediation.

Awareness Classes on

- Life style diseases and Food Adulteration
- Solid waste Management
- Nutrition.
- Vedic Mathematics in Schools
- Environmental issues
- Cyber Crimes
- Contagious diseases
- Swedish products.
- Anti-plastic Campaign and Plastic Recycling.
- Supply of uniforms and improvised instructional material for the neighbouring schools..
- Health and Wellness
- Career Guidance Programme
- Youth Empowerment Programme
- Life Skills Enhancement Activities
- Need of Organic Farming
- Energy conservation Awareness

Criterion – IV

4. Infrastructure and Learning Resources

4.1 Details of increase in infrastructure facilities:

Facilities	Existing	Newly created	Source of Fund	Total

4.5 Computer, Internet access, training to teachers and students and any other programme for technology

Up gradation (Networking, e-Governance etc.)

- College had provided hands on experiences for student teachers to develop and enhance computer literacy and its applications .
- All the classrooms, method labs, Auditorium are equipped with computer, LCD/LED/TV/interactive boards with Wi-Fi facilities.
- College has a well organised and updated website, separate blog for each department, separate blog for each student, Face book page, separate whatsapp group for college, faculty, alumni etc. These facilities were used for curriculum transaction and maintain a corporate atmosphere in the campus.
- Almost all the administrative transactions to Government, University, UGC, NAAC etc are through online.

4.6 Amount spent on maintenance in lakhs:

i) ICT

Rs. 50,000

ii) Campus Infrastructure and facilities

Rs. 50,000

Rs. 40,000

iii) Equipments

iv) Others

Rs. 40,000

Total: 1, 80, 000 lakhs

Criterion – V

5. Student Support and Progression

5.1 Contribution of IQAC in enhancing awareness about Student Support Services

Student facilities at Departmental levels and sensitising programmes for students have also been initiated. IQAC monitored Sports , cultural and other extra-curricular activities to the maximum possible extent.

- Comprehensive awareness was given to the students at the time of interview
- Organized combined meeting of students, teachers, parents and Principal in the very first day of the academic year where the Principal gave a detailed description course outline along with the rules and regulations .
- A full fledged and self contained college calendar stating Curricular and Cocurricular activities , Curriculum along with the rules and regulations to be practiced in tune with the University of Kerala with general rules and regulation, Academic calendar of the university, details regarding the management, Student scholarships, Morning prayer , format of different applications etc. for each student
- Conducted a general self-introduction programme as a part of Bridge Course and a Retreat as a part of ice breaking session in the first week of the academic year itself.
- Organised several orientation talk related curriculum, resources of the college and community along with the different activities to be initiated by eleven clubs which are successfully organizing different cocurricular activities undertaken in the college.

- A detailed Academic Plan for the year, Semester and a detailed unit plan for the students at the early weeks of admission itself.

5.2 Efforts made by the institution for tracking the progression

The institution makes all possible efforts for tracking the progression. Such as –

- Implemented Bio-metric Punching system for ensuring hundred percentage attendance .
- The college communicate vivid information on tests, semester examinations and practical examinations at the outset of the course itself.
- group discussion, model examination practical examinations, semester examination results were analysed and discussed .
- The students being divided into ten groups with Mentor Teachers and they are responsible for the periodical monitoring, providing counselling, ensuring participation of Curricular and Cocurricular activities etc.
- Counselling classes of students have been held regularly to understand their progress.

5.3 (a) Total Number of students

CONCLUSION

It may be noted that we have completed an academic year with hectic activities in connection with the new curriculum. My colleagues have faced a series of challenges in implementing the new curriculum effectively. But due to their hard work and continuous effort they became successful in facing all challenges. They have done their best for the efficient conduct of the curricular and co curricular activities. In this connection I like to place on record my sincere gratitude to my colleagues both teaching and non teaching for their full cooperation ,sincere devotion and loyalty which made my work very easy.

I express my sincere thanks to shri.Sajin.S S., the college union chairman, Kumari. Aysha Sherif,, Secretary to the college and other office bearers for their dedicated work to make it a grand success. Let me express my sincere gratitude to the staff advisor Dr.ReethaRavi.H for her dynamic leadership and all students of this college for their full cooperation and common will.

I should also remember with gratitude Sri.Vellappally Natesan,our honourable Manager who always shower his blessings and moral support in times of difficulties. I take this opportunity to express my humble and heartfelt thanks to Sri.ThusharVellappally, Asst.secretary,S.N.Trust, Dr Jayadevan. Treasurer S N Trust, Sri.Aji.SRM, S.N.Trust Ex:.member, Sri. Prem Raj, Ex:.member S.N Trust for their valuable contributions and blessings and also for serving as a source of inspiration.

I take this opportunity to congratulate the PTA Vice president Shri.Mohanan Nair , Secretory Dr.Smitha.S and all other members of the PTA on their earnest efforts and commendable services.

We have before us 200 students who are among the cream of the youth of Kerala. They are the future promise for the betterment of the teaching profession, with academic distinction, positive attitude and social commitment. I am sure that they will come out with flying colours in the coming university examinations and in other tests of life.

In the name of Sree Narayana Guru who is the glowing lamp of the institution, I wish each of the students a happy completion of this course. With this prayful note let me complete this report.

Thank you.

Dr.Rany S.
Principal in Charge

ANNEXURE- 4

SUBJECT ASSOCIATION ACTIVITIES 2017-'18

ACTIVITIES ORGANIZED WITH REGARD TO THE SUBJECT OF EDUCATIONAL PHILOSOPHY- 2017-'18

In connection with the content transaction of the subjects of 'Educational Philosophy'(EDU 01) and 'Education in Indian Society'(EDU 06), a variety of activities were organized during the academic year 2017-'18.

'Who am I?' -An Introspective SWOT Analysis Entry Activity

In order to make the students acquaint with the purity of the life related course, an entry activity was organized at the beginning. Student teachers were highly benefited with this SWOT analysis activity of 'Who am I?' They started realizing their potentials and self-motivated to overcome their limitations.

Documentation of Education News

Documenting the Educational News was a routine activity of Student teachers during the period. They collected, documented and presented daily news on educational value in the classroom on a fixed day of every week. The programme was highly beneficial in enriching student teachers with current affairs and General Knowledge.

Group Discussions

As part of the curricular transactional processes, Group Discussions were organized on the topics ‘Threatening factors of Social Relationships’ and ‘Factors of Social Change’. The programmes provided rare opportunities to student teachers to express their innate abilities and knowledge depth as well as receiving novel contemporary factual realities. All student teachers actively engaged in the G.D. programmes with great enthusiasm.

Seminars

All the hundred student teachers participated in the seminar presentation programmes. They presented their views on various curricular themes which were already provided with them. The presentations were really worth in enhancing the subject authenticity of the student teacher as they were conducted after a detailed data collection and thorough preparation by the student teacher.

Community Extension Research Activities

As part of the practical activities of Practicum and Minor Research Programmes, student teachers have done research activities on various community benefited themes like water scarcity, ecosystem sustainability, contributions of Akshaya Project, literary programmes, development of Attitude Scales etc. Various awareness programmes were also organized as the conclusion part of the research with respect to the significant demand evolved during the research work.

Debates

Debate on two crucial relevant issues of ‘Child Rights Protection’ and ‘Enhancing Quality of Education’ was conducted as part of the curriculum transactional activity. The programme was organized with an objective of enhancing the efficiency of student teachers to critically evaluate a social issue so that they can broaden their outlook of social responsibility and commitment. The programme successfully attained its objectives well.

Capacity Building Programmes

As part of the curricular practical activities, student teachers engaged in various capacity building programmes in order to attain adequate professional capacity for performing multiple roles entrusted on him/her, and enabling him/her to compete in the national and international scenario. The programmes also helped to activate their managerial capacities in human relations. All the hundred student teachers were benefited with the outcome of the programme.

School Based Activities

In connection with the Practice Teaching programmes at various Schools, the student teachers organized School Based Awareness activities on various topics like Drug Abuse, Traffic Rules, Lifestyle Diseases, Career Guidance, Value Education, Child Rights etc. in collaboration with the schools. The programmes were highly significant in triggering the socially responsible teacher qualities among student teachers and value orientation among school students.

We take this opportunity to thank the Respected Principal Dr. S. Rany, Respected Subject Teacher Dr. Smitha S. and all teachers and Non-teaching staff of the college for their valuable direction and help.

ACTIVITIES ORGANIZED BY THE FACULTY OF EDUCATIONAL PSYCHOLOGY DURING 2017-18

The faculty of educational psychology organized a number of curricular and extracurricular activities in the academic year 2017-18.

Work Shop on Minor Research Project of Two Year B.Ed Curriculum

The faculty of Educational Psychology organized a one day workshop on minor research project of two year B. Ed curriculum on 4-12-2017. The major objective of the workshop was to discuss the existing anomalies felt in the organization and evaluation of minor research projects, case studies and action researches in the two year B.Ed curriculum. The teacher educators of various colleges of Kerala University were actively participated in the workshop. Dr.G.R.SanthoshKumar, former Chairman, University of Kerala inaugurated the programme. Dr. Sindhya V., Assistant Professor, Department of Education University of Kerala, Thiruvananthapuram, Dr.Mariamma George, Associate Professor Peet Memorial Training

college Mavelikkara, Dr.Sobha V.K., Assistant Professor Government Training College Thiruvananthapuram, Dr. George Varghese, Assistant Professor Mount Tabor Training College Pathanapuram, Dr. Sheeba P, Associate Professor S N Training College Nedunganda and Dr. Smitha S., Assistant Professor S N Training College Nedunganda had lead various sessions in the workshop. The workshop evolved a comprehensive format for the organization of Minor Research Project for the two year B.Ed curriculum.

Seminars

The faculty of Educational Psychology organized a series of seminar presentations as part of the curricular activity among prospective teachers. The various topics presented include Individual differences of learners, motivation, creativity, personality characteristics, factors affecting learning etc.

Practical Experiences

As part of the curricular activity practical experiences on laboratory activities were organized for the prospective teachers. The experiences included both verbal and non-verbal activities.

Extension Activities

The faculty organized an extension service for the secondary school students and teachers of SNVHSS Nedunganda. The participants were given training in the preparation of swadeshi products such as washing powder, lotion etc.

Capacity Building Programme.

It is a new initiative introduced by the University of Kerala in the revised B.Ed curriculum. The faculty of Educational Psychology implemented the activity as a continuous programme that spreads over the three semesters. The activities designed for the three semesters focused the development of each student teacher both as a future teacher as well an individual. The activities designed for the current academic year emphasized the activities such as self-awareness, development of problem solving ability as a secondary school teacher in the current scenario, development of capacity to design strategies for various life skills among secondary school students etc. The programme was highly appreciated by the student teachers and all the activities designed were integrated to the curricular content of each semester too. The activities organized during the academic year 2017-19 were able to fulfil the objectives of the course successfully.

ACTIVITIES ORGANIZED WITH REGARD TO THE SUBJECT OF EDUCATIONAL TECHNOLOGY- 2017-'18

The student teachers engaged in a variety of both curricular and co-curricular activities throughout the course for achieving the desired goals with quality. They were expected to develop good teacher qualities through value-based training. The curricular activities include Seminars, Practicum, Practical, Training in ICT, Project etc. The student teachers were given opportunities for the presentation of various topics as part of Seminar presentation. This helped them a lot in developing self-confidence and presentation skills. The practice of doing practicums and practicals enable them to identify many school based and community based problems and find out solutions for the same. The activities helped to develop problem solving skills in prospective teachers. The student teachers were given intensive training in ICT based teaching and learning. The well-equipped IT lab of the college provides the students with opportunities for ICT enabled training. The minor research project helped the students to develop research skills and to identify the main issues and challenges of the on-going school education system. Group discussions were done on regular basis in connection with classroom transaction. Through the use of ICT and modern instructional strategies, the student teachers were equipped to meet the needs of our future generations.

ANNEXURE- 5

Report of English Club During the academic Year 2017-18

The ever memorable moments being treasured by the Dept. of English of S N Training College, Nedunganda of 2017-2018 academic years is presented happily here in the form of a brief report.

1st SEMESTER

A total of 20 students (girls) took admission in the English dept. The official inauguration of the academic year was held on 27th August, 2017. The first initiative taken by the English dept. was the introduction of daily word presentation to be conducted along with the thought program and the word presentation was a success and was practiced throughout the year by all the departments.

A vocabulary magazine prepared with the effort of all the 20 students was published in the morning thought program by the honorable Principal in the presence of our HOD Reetha Mam and all the students and staffs of SNTC, Nedunganda.

Independence Day was celebrated on 15th August, 2017 and the students of English Dept. actively took part in all the programs with all energy. The next was the Onam celebration, which was celebrated in a traditional manner on 2nd September, 2017. The students were grouped into 3 groups and programs were conducted accordingly without any Dept. bias. Active participation was seen from students of English Dept.

After the Onam vacation, the senior students reached back to college after their school induction program. A grand welcome was conducted for all the junior students as a whole program and also the senior students of English Dept. gave a small welcome party separately for their juniors by providing refreshments.

After the college election, union inauguration program was conducted on November 10 and the students of English Dept. performed a group dance. An optional tour was conducted on November 17, and Alappuzha as the destination. Kayamkulam Krishnapuram Palace, Glass museum, coir museum, beach etc. were the places visited. It was really an amazing tour and we cherish it till date.

The college conducted an arts and craft exhibition with all the exhibits prepared by the students on December 5, 2017. It was a colorful event where the students got a wonderful chance to exhibit their hidden talents.

The very next event was our Christmas celebration. It was celebrated on 22nd December, 2017. A Christmas friend was selected by each other. With that our first semester came to an end.

2ND SEMESTER

The class started on 3rd January, 2018. A 5 day school induction program was conducted from 8/01/2018 to 12/01/2018. The next event was the sports day. It was on 9th February, 2018. And the students of English Dept. bagged several prizes in athletics, short put and discuss throw.

The next program was the most expected one, the general tour. The tour was from 17th February to 19th February. Konni, Wagamon, and Munnar were the destinations. It was a superb experience and a wonderful journey. 16 students from English Dept. participated in the tour.

A science day exhibition was conducted in all the classes on Feb 28. English Dept. arranged book exhibition, word games, a food court etc. it was really a wonderful moment.

College Arts day was celebrated on February 12 and 13. English Dept. took part in various items and bagged prizes for literary and stage items. A drama was staged by us a part of the theatre practice. Our play was “The Lion and the Jewel”. With that program our first year academic activities came to an end. After the exams, the college was closed on 27th April.

Taking a look at the classroom activities, we had finished 3 demonstrations, 5 criticisms, 2 practicums, tour report, school induction report, micro teaching, video lesson plans, book review etc. successfully.

ANNEXURE- 6

Report of Mathematics Club During the academic Year 2017-18

The club was inaugurated on 14th Aug 14, 2017 by the Principal Dr. Rany S in the function presided by the president of the club Kum. Haritha Das. The first programme of the club was the preparation of wall paper named “Mirror” every Monday during the whole academic year. The first wall paper was published on 06-09 2017 by sri. R Praveen, Lecturer in Malayalam, in the general assembly. All the members of the club actively participated and prepared a total of 30 wall papers during the academic year.

The important programmes organised by the club are the following

- Daily 5 minute Discussion on the” main events of the day” was organised.

- Sri. Santhosh Kumar S, H S S T Mathematics in G H S S Navaikkulam who is also a Resource person in SCERT has taken a seminar on the topic New Evaluation Systems in Secondary Education in Kerala on 15-6-2017 Sri. Pratish has taken a discussion on Fibonacci series on 18-04-2015
- Sri Vijayakumar, Headmaster, SVUPS, Kurakkanni took a class to the Maths optional students on the topic “current Trends in Mathematics Education.”
- Organised a Exhibition on 28-2-2018
- A workshop on the preparation of low cost teaching aids was organised for mathematics club members under the leadership of Sri. Tahul, Alumni of the Department
- Club members prepared help books of standard VIII, IX and X named “ GANITHA PATANA SAHAI” and distributed the same to the practice teaching schools during their school days.
- Also a quiz completion was organised by the dept for mathematics group students in the college.
- A Manuscript magazine was prepared by the department and which got third prize in the inter optional manuscript magazine competition organised by the college union.

ANNEXURE- 7

Report of the Activities of Natural Science Club during the academic Year 2017-18

Details of activities:

- Natural science club started a weekly Newsletter named as “ SPANDANAM”.
- Natural science club successfully develop an ornamental garden in front of the natural science lab
- Natural science club create a blog for daily updating their activities namely “ Kannathali pookal”.

- Natural science club released a magazine on sep 13 namely “ Thaliola”. Which deals with the medicinal importance of the local plants.
- Natural science club members organized an awareness programme for the SNTC students about the importance of medicinal importance of the local plants.
- Natural science club members made a herbal garden in the college campus
- Natural science club organized a field trip to Thenmala and Palaruvi in association with mathematics club and physical science club.
- Natural science club members develop an awareness programme about ozone depletion on Ozone day with the cooperation of Physical Science Club.
- Natural science club members organized an exhibition on 28.02.2018
- Natural science club members organize a food festival as part of the association programme

ANNEXURE- 8

Report of the Activities of Social Science Club during the academic Year 2017-18

With proud privilege and cherishing memories of a colourful semester we present a brief report of the activities of social science department for the year 2017-2018.

Independence Day and quiz competition

The Independence Day celebration was conducted on 15th August 2017. In the morning section there is an Independence Day parade and activities. After that there is a cultural programme conducted by the students.

A quiz competition was conducted by the students of social science on behalf of Independence Day. A set of 25 questions were asked to the students and prize distribution was held by the honourable principal.

Onam celebration

Onam was celebrated in a traditional manner on 2nd September. The students bagged first prize for athapookalam and second prize for thiruathira and onapatttu. A grand onasadhyam was made by our teachers. Students of our department also participated in malayali manka also.

Christmas celebration

We conducted a grand Christmas celebration on 22nd December. The programme was inaugurated by the principal. The students and teachers are completely spellbound with the Christmas gratification and the day was called off with a hear lunch.

Tour

In order to digress the minds of the students from the heavy schedule, an excursion was arranged. The three day tour to Marayoor, Vagamon, Anjuruli, Munnar, Kanthaloor was conducted in February 2018. Kanthaloor was famous for its wide variety of crops which is not seen on the other parts of Kerala which includes verities of apple, orange, strawberry, plums, gooseberry, passion fruits etc. this place is famous for its cool season. Marayoor is the only place in Kerala that has natural sandal wood forests. The students enjoyed themselves to the fullest and returned to their studies refreshed and rejuvenated.

Thought of the day programme

We started our thought on 26th February 2018 on the topic “problems faced by the trans genders in India”. That is #Transgender. The topic made unique and so different from the other topics it is mainly because of its importance in the present scenario. Uthrashaji, Rejitha. R, Aswathy. J, Ayisha. M . Shereef, Jefferson.J.F, has presented paper on the topic. We also presented some video presentations about the topic and a mime about the issues of trans genders. An open discussion was held and students of other departments expressed their feelings and opinions related to the issue.

Socio- educated survey

A socio educated survey was also held on 2nd October to Anchuthengu. Anjuthengu fort was established by the East India company in 1696 after the queen of Attingal gave permission in 1694 to do so. The fort was the East India Company's first permanent post on the Malabar coast. The EIC commenced construction in January 1696. In June 1696 pirates destroyed the Bengal Pilot Service's sloop gingili at Anjengo. In 1697 locals attacked the fort, which was not complete, but the English prevailed.

Budget 2017-18

We also conducted a discussion on the topic 'An analysis of union budget 2017-18 on 15th February 2018. Saranya, Arsha, Reshma, presented their paper on history of budget, an analysis of railway budget, budget of Kerala, and union budget. It was very informative for the students. The budget broadly focused on farming sector, rural sector, rural population, youth etc.

Exhibition

As per the part of our curriculum we conducted an exhibition on 22nd February 2018. The exhibition included wide varieties of map, globe, model of solar system, etc. The main speciality of the exhibition is the collection of old coins, traditional instruments for measurements, and the pictures of freedom fighters. There is a food court placed near the exhibition hall. All the students are satisfied with the taste and low cost of food.

We take this opportunity to thank Dr. Rani S, honourable principle for giving us a wonderful chance for fulfilling the activities. We thank Dr. Pramod. G. Nair, Head of our Department, for his sincere support and co-operation. We also thank to all the teachers for their support and prayers.

ANNEXURE- 9

Report of Activities organized by Malayalam Association during 2017-'18

The Report of the activities organized by the Malayalam Association is presented here.

Inauguration of the Club

On October 10th, 2017, the club was inaugurated by Sri. Praveen R, HOD of the Department. After the inaugural function, a cultural programme was organized by students.

Drama Fest

A Drama Fest was organized by students. The whole students were divided into three teams and each team performed various themes. The programme was very useful in enhancing the dramatic art skills among students.

Celebration of Keralappiravi

November 1, the day of Keralappiravi was celebrated in a colourful manner. A video presentation and a dramatization on ‘Kerala Society’ were conducted in connection with the celebration.

Documentary Presentation

An exhibition of a documentary on ‘Kanavumalayilekku’ was done as part of the curricular activity of the Association

Invited Resource Talks

The National Child Artist Winner of 2012, Sri. Minon was invited to the college and an interactive programme with student teachers was organized. The discourse concentrated more on the ‘Alternative Education and its present significance.

Dr. Thara Ajith, Assistant Professor, Sree Sankaracharya Sanskrit University was invited to the College. She made resource talk on ‘Utharadhunikata Malayalathil’ which was highly beneficial for creating an in-depth content enrichment among student teachers

ANNEXURE- 10

Report of Activities organized by Physical Science Club during 2017-'18

The Physical Science Club has done active involvement in the year 2017-'18 in various Science related activities.

Observation of Ozone Day

Ozone Day 2017 was observed successfully with enriched students' involvement. A documentary 'Ozone' was exhibited and a presentation was also done in connection with the programme.

Science Day 2018

Science Day 2018 was celebrated with the sponsorship of Kerala State Council for Science, Technology and Environment (KSCSTE). A Science Exhibition was organized by Physical Science Club in connection with the National Science Day, 2018. Other Optional classes also participated in the exhibition with variety of items. A video presentation was done and many students presented papers on different science themes. Many invited talks were organized in connection with the Science Day celebrations. Dr Raveedran, Principal, S.N.Colleges (Rtd.) delivered a talk on **Nano Technology**. Dr Shibi. I.G ,Rtd Associate Professor , S.N.College chaired the Resource Session on **Green Chemistry**. The Programmes were coordinated by Sri. Pratheesh P.K., Assistant Professor of Physical Science of the college

Condolence ceremony on the demise of World famous Physicist Stephen Hawking

Condolence ceremony was organized on the demise of World famous Physicist Stephen Hawking. College as a whole paid tribute to the renowned Scientist. The programme was really remarkable in remembering and thinking the ever valuable contributions of Hawking and on his struggle filled life.

SREE NARAYNA TRAINING COLLEGE

MAJOR PLANS AND ACHIEVEMENTS OF THE COLLEGE

DURING THE ACADEMIC YEAR 2017-18

Plans	Achievements
Use innovative Strategies in curriculum transaction.	<p>. The faculty members of the college took deliberate efforts to make learning effective through Cooperative and Collaborative learning, Blended learning, Seminars, Role play, Paper presentations; ICT enabled teaching – learning strategies, Field works and Study tours. ICT enabled online and offline teaching strategies give opportunities for adopting innovative practices in the teaching- learning process. Learner centered transaction is made effective through participatory approach involving students.</p>
ICT enabled online teaching and communication	<p>All the classrooms, method labs, Auditorium are equipped with computer, LCD/LED/TV/interactive boards with WiFi facilities. College has a well organised and updated website, separate blog for each department, students , Face book page, separate whatsapp group for college, faculty , etc. These facilities were used for curriculum transaction and maintain a corporate atmosphere in the campus.</p>
Computerised administration.	<p>All the administrative transactions of the college with Government, University, UGC and other agencies were carried out through online</p>
Development of research attitude among student teachers.	<p>As the part of practical and practicum, students were carried out different problem based studies related different threat area like challenges in education, environmental issues, value education, cyber threat , Health issues and so on. They were also presented research papers in the different National and State level seminars organised by the college.</p> <p>All the teachers were engaged different research activities like Research guidance, Post doctoral research,, PhD, Major Projects, Minor Projects, organization seminars, workshops , community suveys and so on.</p>

<p>Organise& participate in Seminars and workshops.</p>	<ul style="list-style-type: none"> The college organized a one-day regional workshop for the teacher educators based on <i>Minor Research Project of two-year B.Ed curriculum</i> in collaboration with IQAC of the college . Smt.Sangeetha N.R Asst.Professor in Education convened the Workshop. Kerala State Council for Science Technology and Environment (KSCSTE) had sanctioned an amount of Rs. 18,000/- for organizing activities in association with World Environment Day with a view to disseminates knowledge of environmental hazards among prospective teachers. Dr. Sheeba P, Associate Professor in Mathematics convened the programmes KSCSTE also sanctioned an amount of Rs. 20,000/- each for organizing activities in association with World Wet Land Day and World Ozone Day. Dr. Sheeba P Associate Professor in Mathematics convened the same. KSCSTE also sanctioned an amount of Rs. 15,000/- for organizing activities for National Science Day Celebrations of the year. Sri Pratheesh P.K Asst. Professor in Physical Science coordinated the activates The Kerala State Environment and Climate Change Department sanctioned an amount of Rs. 10,000/- for the celebration of world water day. Sri Praveen R, Asst.Professor of Malayalam and co-coordinator of Bhoomitrasena club convened an awareness class on <i>conservation of water</i> in association with World Water Day. As part of the curricular extension, the student teachers of the college organized an array of awareness classes on issues such as health and hygiene, cyber ethics, substance abuse, traffic awareness, career aspirations etc As part of the practicum works, students have
--	---

	<p>conducted Extension activities and Awareness Programmes in various Institutions on topics of Traffic Rules, Citizenship Training, Environmental Values, Life Style Diseases, Initiatives in Drug Abuse prevention, Water Scarcity and Management etc.</p> <p>Most the faculty members were participated as resource person and presented papers in inter National, National seminars organised by various agencies.</p>
<p>Start and complete various Post doctoral, minor, major projects.</p>	<p>Completed and submitted a Major Project Report to ICSSR worth Rs. 18,00,000/-.</p> <p>Started a Minor Project of KWC (Rs. 50,000/-)</p>
<p>Organise Best practices in each Department..</p>	<p>Reports (2017-'18) of each Department attached</p>
<p>Contribute to curriculum reification.</p>	<p>Two year B.Ed</p> <p>In the two year B.Ed curriculum Revision of Kerala University 2018-20 five faculty members of our college were contributed in the following manner</p> <ol style="list-style-type: none"> 1. Dr.Rany S. - Core committee Member 2. Dr.Rany.S - Subject committee convener(Natural Science) 3. Dr.sheeba.P -Core Committee Convener & Subject committee convener(Mathematics) 4. PRINCIPAL

Annexure-12

FUTURE PLANS

- To introduce post-graduate courses

- To cater to the needs of the differently-abled students and staff, the college will work towards improving the existing facilities and ensure the availability of up-to-date equipments
- Plan to develop a Green Campus
- For the overall academic growth and excellence of the college, Faculty Training Programmes, Teaching and Research Workshops, Curriculum Development Programmes will be conducted on a regular basis.
- To conduct more community outreach, environmental and social service programmes
- **Teaching-Learning** -- Academic Planning & Auditing, Green Auditing to be conducted on a regular basis
- **Co-Curricular**- More socially useful works as Community Extension Activities are to be conducted under each Club.
- **Village Adoption**- Activities done in the adopted village are to be strengthened for enhancing the basic facilities and IT related needs of the village
- **Research Activities**- Organization of Seminars, Workshops and Research Projects and Publication of Research Articles by Faculty Members are to be enriched.
- **Student Evaluation Programmes**- Tests to be conducted, Written, Practical and Performance Tests for assessment of students
- **Evaluation Programmes**- Evaluation Programmes to be strengthened in terms of Institutional Evaluation in terms of Results, Achievement of students in Competitive Exams, Sports, Arts etc...
- **Student Support Programmes**- Student Support Programmes should be conducted on a regular basis with emphasis on Personality Development, Skill Development and Placement Activities

Annexure 13 – Best Practices

Best Practice No. I

1. Title of the Practice

Personality development through Public Speaking.

2. Objectives of the Practice

- To enhance the Communication Power of student teachers
- To develop a sense of Social Responsibility among the students
- To cultivate among the students the art of public speaking

3. The Context

Teachers are considered as Social Engineers. Teachers should have a high sense of Social Commitment and it is the responsibility of the teachers to respond to various social contexts, especially, social evils. The programme intends to set an opportunity to student teachers to speak out on certain social issues so that they can enrich their knowledge depth on the specific area and improve their communication ability. The context for the best practice has been the aim of the university to provide certain specific values and skills among student teachers.

General Objectives of the B. Ed. course

The curriculum is designed to enable the student-teacher:

- 1. To acquire various teacher competencies and development of professionalism through qualitative multi-level strategies and practices.*
- 2. To identify and resolve the major social, intellectual and environmental issues / challenges faced by our pluralistic society and make use of the knowledge in nurturing/equipping the classroom learner to face those challenges.*
- 3. To develop a proper value system based on the cultural, social, political and moral bases of Indian society.*
- 4. To develop teacher-identity required of a professional through theoretical discourses, school / community- based experiences, and reflective practices that continually evaluate the effects of his/her choices and actions.*
- 5. To understand the central concepts, tools of inquiry, and structures of individual disciplines and develop the ability to evolve meaningful learning experiences.*
- 6. To imbibe knowledge and develop understanding of the various psychological, sociological and philosophical principles and practices in respect of learners of different stages/multi level and develop the ability to facilitate effective learning.*
- 7. To make use of the knowledge of effective verbal, nonverbal and media-based information and communication technologies in all facets of learning to foster active inquiry, collaboration, and supportive interaction in the classroom.*
- 8. To conceptualize various formal and informal evidence-based performance assessment*

strategies and develop an ability to evaluate contextually the multidimensional development of the learner.

9. To generate adequate professional capacity for performing multiple roles entrusted on him/her, enabling him/her to compete in the national and international scenario.

10. To develop his/her managerial capacities in human relations for promoting human resources for national development.

11. To internalize appropriate theoretical and practical inputs in order to render an integrated holistic

understanding about physical fitness, developing positive attitudes, values, skills and behaviour related to health and physical education and to promote health and fitness for current and future lifestyles among student teachers.

12. To develop the aesthetic quality of the prospective teachers through Art Education. modern

construction and infrastructure of international standards, excellent academic facilities and congenial learning environment. Also, to create stock of learning resources to facilitate academic and research pursuits of the university supported by latest IT resources and technology.

4. The Practice

As the aim of the programme reflects, this is meant for all students. Each and every individual student teacher gets equal chance for participating in the programme. Thus the democracy and justice for all are maintained throughout.

There are six optional subjects in the college and in each optional nearly 20 students are there. The starter is selected by taking lot. Thus the order of topic declaration and presentation is finalized. After that the first team declares their topic of presentation followed by a theme presentation. Then three or four members from the same optional subject express their opinion and share their arguments with concrete reasonable standpoints. The individual's opinion will be treated as most valid and will be respected by all. Since, it is not a face to face discussion, counter arguments can be raised whenever the person gets chances to respond. Here, the respondents are learning the values like discipline, respect of other's opinion, social responsibility, attitude to change one's own knowledge depth etc. Not only that, the individual acquires certain skills of powerful presentation of ideas, communication ability, concretizing the abstractness of ideas, power of public speaking etc. After the presentation of selected members from each optional, the topic will take for open discussion. Here anybody can present their idea. After the completion of discussion of one topic for one or two weeks, next topic will be started. At the completion of one cycle by all the six optional subjects, majority of student teachers, it is experienced that they could attain much better confidence with regard to the objectives of the programme.

5. Evidence of Success

Being prospective teachers, the programme enabled them to change their attitude towards social problems. They started taking initiative to involve in socially relevant, value oriented activities and implemented various extension activities among community members. The major initiatives taken were

1. Drug abuse prevention programmes among school students
2. Awareness programmes on Traffic Rules among public
3. Sharing of knowledge on preparation of Swadeshi products like soaps and lotion among Kudumbasree members
4. Value addition programmes such as cleaning of public places and wiping out of plastic from the premises.
5. Skill acquisition programmes of teaching Vedic Mathematics among Visually Challenged students, Self Help Groups, Tribal population, Fishermen Community etc..
6. Awareness on Life style diseases among secondary school students
7. Class on 'Effective parenting' among public and parents of school students etc...

All the activities were carried out with the initiative of student teachers with the whole hearted support and direction from teachers.

6. Problems Encountered and Resources Required

The greatest problem encountered has been in finding and managing time in the midst of hectic schedule of academic semester activities. But, even then, the college has managed efficiently all its academic infrastructure, schedule of programmes and successful coordination of all activities including academic and social.

Best Practice-No. II

1. Title of the Practice

Skill acquisition programme through Vedic Mathematics

2. Objectives of the Practice

1. To conduct awareness classes on Vedic Mathematics applications and its contemporary relevance in various educational institutions all over the State
2. To propagate Indian Intellectual Traditions through signifying their contemporary relevance all over the State

3. To equip the youth in securing the appropriate career by attaining employability skills through the knowledge of Indian intellectual tradition of Vedic Mathematics
4. To equip the prospective teachers with self-confidence by attaining skills of Computational Speed and Critical Thinking Ability through Indian intellectual tradition of Vedic Mathematics
5. To equip the Fishermen Community with self-confidence by attaining skills of Numerical Ability, Problem Solving Ability and Computational Speed through Indian intellectual tradition of Vedic Mathematics
6. To stimulate the Working Memory Capacity of adults, especially women through Vedic Mathematics

3. The Context

“It is tempting to think of them (Indians) as counter scientists..... Let us not forget that among the great accomplishments of the Indian thinkers were the invention of Zero, and of the Binary number system a thousand years before the West”

Indian intellectual traditions of Vedic Mathematics provides very easy, one line, mental and superfast methods along with magic speed cross checking system (Puri & Weinless, 1988). The complete Vedic Maths System provides multiple choice of working in all operations and we can carry out combined operations of arithmetic (Hope, 1987, 1986; Williams, 1991, 1984; Trafton, 1978; Beberman as cited in Sister Josephina, 1960). Therefore, study of complete Vedic Maths develops multi- dimensional thinking capacity of the human brains (Williams, 1991). The System systematically develops and trains the two hemispheres of the human brain. Using Vedic Mathematics, even a ten year old can calculate 999×991 or $20111 \div 975$ in less than five seconds, and that too in a method of his own choice. This may look like an exaggeration but it is the Truth. More than ‘Techniques’ this subject facilitates ‘Thinking’, which today’s educational system in India unfortunately does not allow. Many school students are afraid of Mathematics and they have no option but to learn it. Using Vedic Mathematics we can enjoy the subject and experiment & discover different methods.

Calculations using Vedic Mathematics can be done with less mental energy and in less time. But, at the same time there is full involvement. This is very important. Calculators do give answers in less time and with still less mental energy. But our involvement in the process of calculation is nil. This is highly dangerous in the long run, as we lose our ability to calculate. Vedic maths, on the contrary, helps us sharpen our calculating ability.

With the view of spreading Vedic Mathematics, the intellectual contribution of India, to the world, the Sree Narayana Training College, Nedunganda has done the popularization extension activities

4. The Practice

Before starting the popularization activities, initiatives were taken to strengthen the Computational Speed and Critical Thinking Ability of prospective teachers. Student teachers of the college were given training on the knowledge and teaching of Vedic Sutras and were equipped enough to implement the programme during their teaching practice internship at various Secondary schools. Vedic Mathematics Research team of the college prepared Thirty Modules (Multimedia and Print) on Vedic Sutras with complete devotion and dedication. Certain tools as tests on Computational Speed, Critical Thinking Ability, Numerical Ability, Problem Solving Ability and Working Memory Capacity were prepared. For conducting the popularization and awareness activities, the Team approached various organizations and educational institutions including High Schools, Higher Secondary Schools, Engineering Colleges, Arts & Science Colleges, Women Self Help Groups and Skill Development Centres all over the State under Government and Private Sector. All the organizations and institutions welcomed the venture and agreed whole-heartedly to the proposal to conduct classes on the rich treasure of Indian intellectual tradition. The Team members were highly enthusiastic and motivated and that they were received by all concern with great respect and admiration. The field work had given plenty of rich experiences and immense satisfaction to the members. Being the prospective teachers, the student teachers could attain the specific objectives of the intension, since they were not only practicing the skills of their own, but teaching and helping others also to attain the skills.

5. Evidence of Success

The skill enhancement activities including acquisition of Vedic mathematics helped the student teachers to involve fruitfully in their placement and employment processes. In the year 2017-'18, the number of students who were qualified in Competitive examinations including NET, SET, and TET was comparatively increased. Majority of the students were shortlisted and secured employment in various organizations. It was a proud and happy achievement to the college.

6. Problems Encountered and Resources Required

The major problem encountered was the management of time. Majority of activities were carried out during holidays and vacation. Without affecting the daily academic schedule, the college could successfully attain these objectives. Not only those, Students are usually reluctant to accept jobs in the unaided sector due to low returns. Moreover opportunities in the unaided sector inside and outside are not transparent and the employees are facing many challenges regarding their working conditions. This often results in curtailing the efforts of the college. In spite of all these hurdles, the college has managed efficiently all its academic and social activities.

Best Practice-No. III

1. Title of the Practice

Experiential learning through participation in environmental enhancement and conservation activities

2. Objectives of the Practice

To make student teachers understand how human decisions and actions affect the environment,

To take initiative in building knowledge and skills among student teachers necessary to address complex environmental issues

To equip and motivate student teachers to think responsibly on ways we can take action to keep our environment healthy and sustainable for the future.

3. The Context

Sree Narayana Training College has been organizing a lot of Community Extension Programmes as part of both curricular and co curricular programmes every year. The activities organized by the institution are always in relation to the immediate needs of the community. It emphasizes not only the desirable and satisfactory changes in the local community but also the changes in the social responsibility of the institution. Active use of the outdoor environment as a setting for interventions is effective at improving mental and physical health indicators. Such activities could have the potential to not only avoid excess pharmaceutical management, improve physical and mental health and well-being, but may also decrease social isolation, improve practical skills, and enhance local environments. Being prospective teachers, they should have the responsibility and commitment to the society. Hence it is essential to do environmental service-learning projects that link classroom learning to the real world. Such activities encourage students to use their creativity and imagination and develop other 21st century skills such as collaboration and teamwork, critical thinking, and problem solving. By

blending community service with the academic curriculum, students are “learning by doing” through these experiential learning activities.

7. The Practice

The Nature Club of the institution organizes a variety of activities related to environmental sustainability such as cleaning programs in the coastal area, planting saplings, paper bag making and preparation of swadeshi products etc. which empowers youth by developing leadership skills, career awareness, and civic participation, helped throughout. Sree Narayana Training College engages in different activities which are for sustainable environment with Greenvein, a National foundation for planting and protecting trees. The organization aims to reduce global warming and implement reforestation programs all over the country. For the past four years the institution collaborates with the organization and take up many programmes such as extensive afforestation programs throughout the locality and also take up the challenge of eradicating plastic items from the Papanasam beach, Varkala, where tons of plastic waste accumulates every time. Members of Nature Club distributed recycling bins to all six optional classes and collected paper, cardboard, plastic bottles, and other materials in their classrooms and handed over the collected bundle to nearby recycling units. The student teachers had successfully planted more than 10000 trees for the last four years. The programme was extended to the practice teaching schools during their practical session and the participation of the students and the support of the local community in the respective locality has greatly contributed for the success of the programme. Student teachers during their Practice teaching schedule, devoted time to clean school premises and build garden including both flower and vegetable. With the wholehearted support of the school authorities, and by bringing all students together, they chose a location and designed and built their garden. Not only that, many of them took initiative in building Natural Water Pits for recharging wells by preserving rain water in their practicing schools and at own homes. They had organized awareness campaigns on environmental protection and preservation of natural resources in the respective schools as well as in the community. The initiatives were widely appreciated by the authorities, community leaders and PTA of schools.

Using solar energy, Sree Narayana Training College prides itself on keeping greenhouse gas pollution out of the atmosphere. In collaboration with Kerala State Council for Science Technology and Environment (KSCSTE), the college organized activities in association with World Environment Day, World Wet Land Day, World Ozone Day and National Science Day-

2018 with a view to disseminates knowledge of environmental hazards among prospective teachers. Our college has well interaction and collaboration with the environmental activities of University of Kerala under the Bhoomitrasena club. The Club has convened an awareness class on *conservation of water* in association with World Water Day with the support of The Kerala State Environment and Climate Change Department. All these activities gave rare opportunities to student teachers to protect our Mother Earth

8. Evidence of Success

The students learned a lot about the natural environment around them throughout these activities. They also learned how to teach others and participated in community service activities that brought their knowledge to their community. The students also developed peer and mentoring relationships to help, teach and encourage one another. Being Social engineers, all these community service, student-led activities enhanced their “competence, confidence, and responsibility” which was reflected in their overall teaching learning performances and achievements.

9. Problems Encountered and Resources Required

Finding enough time to implement the community service activities was the major problem faced by the college at the initial phase. In order to tackle the problem, we had clubbed a part of the activities with curricular extension programmes. The club members worked tirelessly, even after the college hours and holidays to fulfil the objectives.

Annexure-14

SWOC ANALYSIS OF SREE NARAYANA TRAINING COLLEGE

S-Strength

- Reputation and location of the college in the last 60 years
- Competent and dedicated Management.
- Involvement of the teachers in the student's education extends beyond the classroom for their holistic development.
- Prior consideration to equality in all means – with respect to Gender, Caste, Religion etc.
- Inspiring atmosphere for learning and knowledge enrichment
- **Well qualified enthusiastic, and devoted faculty**
 - 40% are research Guides
 - 80% are PhD holders
 - More than 40% were carried out Major research projects of various agencies like UGC, ICSSR etc.
 - Nearly 50% were carried out minor research projects of UGC & KSHEC.
 - More than 90% were convened various National and state level seminars and workshops.
 - Nearly 90% were participated as convenors, experts and resource persons in curriculum revision of two year B.Ed & M.Ed -2018
 - 40% were the members of various academic bodies like academic council, faculty, Board of studies etc .
- Well established Laboratories of various departments including Physical Science, Natural Science, Educational Psychology, Educational Technology
- Good infrastructure.
- Ambience and discipline.
- Cordial relationship with stakeholders.
- Encouragement to socially disadvantaged students.
- Clean and neat premises, buildings and surroundings
- Emphasis on Art & Craft

W-Weaknesses

- Lack of permanent staff in administration.
- Lack of financial resources, due to which many innovative plans for student and teacher development do not take place.
- Inadequate financial resources from the state Govt for academics and research activities
- Restricted employability of the programmes offered.
- Limited consultancy and collaborations.
- No hostel facility for male students.
- Inadequate emphasis on employability dimensions of students
- Tight academic schedule restricts time devoted to co curricular activities.
- Opportunity for introducing career oriented academic programmes.
- Enormous prospects for consultancy and collaborations.

O – Opportunities

- Collaboration and partnership with National and international institutes for academics and research.
- Potential to reach out to distinguished alumni in various walks of life by networking with them and connecting them better with the institution
- The demographics of youth in the relevant age group provide a window of opportunity not only for education but also for continuing education.
- Availability of technological products/solutions and accompanying talent of human resources
- Leveraging to vocational advantage to mobilize resources and increase funding for innovation and creativity.

C – Challenges

- Time constraint due to semester system
- Political apathy towards qualitative changes in higher education.
- Duration of the course.
- To match the pace of changes and aspirations of youth.
- Positive attitude of students to the other professional and technical courses having more opportunities and high salary.
- Lack of state funding for capital formation.

IQAC – COORDINATOR

PRINCIPAL
