Dear Sir/Madam

Sree Narayana Training College, Nedunganda organises three days programmes for the celebration of Ozone Day 2018. It gives much emphasis on the need for protection and preservation of the Ozone layer. The programmes are arranged on 19th, 24th and 25th September 2018. The main objective of the programmes is to increase the curiosity and interest of the students towards conservation of nature and natural resources, thereby creating an awareness on the harmful effects of ozone layer depletion.

The participation in the programme will offer an opportunity for the students to present their ideas in a creative way. On behalf of the Organizing Committee, we are pleased to invite you to become a part of our venture "Keep Cool and Carry on : Montreal Protocol".
