RECOGNIZED UNDER 2(f)/12(B) OF UGC

## NATIONAL CONCLAVE ON NAAC-REVISED ACCREDITATION FRAMEWORK FOR HIGHER EDUCATION INSTITUTIONS -A ROADMAP

14 NOVEMBER, 2018

Education at all levels can shape the world of tomorrow, equipping individuals and societies with the perspectives knowledge, skills, attitudes and values to live and work in a sustainable manner. The higher education system in India has developed in a noteworthy way, particularly in the post-Independence period, to become one of the prime systems of its kind in the world. It has been used as a reliable tool to build a knowledge-based information society. The main aim of Higher Education is to contribute to the development and improvement of society as a whole in a sustainable manner. It also aims at meeting the needs of all sectors of human activity. The overriding public interest of the present century is to promote accountability for moving to world-class quality and performance. In order to survive in the competitive world of globalization, all Higher Education Institutions (HEIs) should pay special attention to quality. Govt. of India has taken a number of steps to enhance the quality of Indian Higher Education through different agencies like NAAC, QCI, AICTE and State Level Accreditation Agency like SAAC.

## MANDATORY REQUIREMENTS BY UGC

The UGC in its recent meeting has Approved the objectives set for improving the quality of HEIs. To improve the quality of graduates and provide employment opportunities to them the HEIs have been asked to improve the graduate outcomes, so that at least 50% of them could secure access to employment/ self-employment or engage themselves in pursuit of Higher Education . HEIs have also been asked to get themselves accredited by (NAAC) with a minimum score of 2.5 by 2022. It also mandates for mentoring of non-accredited institutions, so that every institution can get accreditation by 2022.

## SAAC TO INITIATIVE ACCREDITATION

State Accreditation and Assessment Council, similar to NAAC, has been in the pipeline for over four years now. The idea was initiated with an objective to fasten the process of college assessment by providing an option to NAAC, which is generally burdened with colleges across the nation. With the formation of the State Council of Higher Education, the impending establishment of SAAC is gaining speed.In the new perspective plan for the state's higher education, the quality of institutions is highly significant for getting continued approval. Therefore, the government plans to increase the SAAC's domain from being an accreditation council to that of a directory for colleges

## ACCREDITATION OF TEACHER EDUCATION COLLEGES

Accreditation of Teacher Education Institutions needs some sort of clarification, " WHETHER IT IS QUALITY COUNCIL OF INDIA (QCI) OR NAAC ", - the confusion is still persists. Advise from National Council for Teacher Education (NCTE) reflects that whichever be the agency, HEIs , including Teacher Education Institutions should maintain the quality parameters

In these circumstances, the Sree Narayana Training College, Nedunganda has great pleasure in inviting College Principals, IQAC team members of various colleges and academicians to join the NATIONAL CONCLAVE ON " NAAC - REVISED ACCREDITATION FRAMEWORK FOR HIGHER EDUCATION INSTITUTIONS-A ROAD MAP" and participate actively in it. The Conclave will provide opportunities of interactive discussion, doubt clearance and clarity in the preparation for accreditation of your esteemed institutions.

With Warm Welcome

DR. SMITHA .S  
IQAC-COORDINATOR .

DR. S. RANY  
PRINCIPAL .
