Explain how the IT resources you have, meet the needs of your students and faculty.	The well equipped IT lab provides for the multi-access of e-resources both for teachers and students. The students were given practice in the use of computer, different softwares, programmes, interactive white boards, projectors etc. The students get opportunities to master the creation of blog etc. The available on-line resources help to update the knowledge. The students were able to prepare their own IT resources for , lesson plan development using multimedia tools. Teachers most often use ICTs for record keeping, information presentation and basic information searches on the Internet.
Can you get a Multi-Router Grapher(MRTG) when 20% of staff and students simultaneously buffer a 10 minute high definition YouTube video at 1080p through wired or wireless internet connection?	yes.
List the kind of digital learning resources offered to the students and faculty.	1. Projectors -9 2. Interactive white board - 5 3. Desktops -60 4. Digital podium -1 5. wi-fi campus 6. Infflibnet- N-List 7. Educational CDs-150 8. Document camera/Visualizer- 1
Please specify the following: a) Number of printers b) Year of purchase c) Cost d) Pages per minute that can be printed	a) Number of printers-6 b) 2011, 2012 2014 c) Cost- 6197/-, 36000/-, 8650/- d) 3printers print 10 pages per minute,

Details	Information Provided by TEI
Please specify the number of functioning : a) Desktops b) Tablets c) Laptops d) Year of purchase	a)Desktops - 53 b) Tablets - nil c) Laptops - 2 d) 2001, 2011, 2012, 2014
Do you provide assistance to your students to acquire/rent digital equipment? If so, provide details	Yes, we provide guidelines to students to acquire ICT equipments from Governmental agencies.
Do you have computers in all classrooms that are connected to your server to a Local Area Network (LAN)?	Yes
Are these computers connected to Digital Projection Equipment that can be used as Teaching Aid by faculty?	YES
Is your campus networked in a manner that your faculty can administer test and quizzes at the end of each class or unit using either mobile phones, laptops or equipment provided by you?	YES

Details	Information Provided by TEI
Do you have Aadhaar authenticated biometric attendance for faculty and students that is used every working day?	only biometric attendance is available
Do you have an operational IT enabled online Learning Management System (LMS) that is regularly used by faculty and students to distribute reading material and other educational resources and to collect and evaluate submissions by students?	NO,
Please give a detailed description of your LMS, its features and how you use it to help your students.	The installation of LMS is not yet completed.

Details	Information Provided by TEI
What is your approach to using Art and Craft Resources to meet the needs of your students and faculty?	The student teachers are given training in art and craft activities in order to enhance the aesthetic values to be nourished among young generation. As per the norms of the revised curriculum of Kerala University, vocational /work education aims to include planning and executing productive work, develop social sensitivity, seek support from the locality, sensitize with dignity of labour, etc. Hence the college organizes programmes related to the training in both socially useful productive works and community based services. Thus the ultimate objective of the Work is both product and process oriented. The service programmes as well as productive works are planned in consultation with the faculty and are modified by considering the requirements. Hence both faculty and prospective teachers equally share the responsibility of the effectiveness of the programme.
Please list all the resource materials/equipment you have	Set of wood working Tools Raw material and Equipment for Toy Making Raw material and Equipment for Doll Making Raw material and Equipment for Fabric Painting Raw material and Equipment for Puppetry Material for Preparation of Charts Material for Preparation of Models and other Practical Activities Stationery (Chart Paper, Mount Board, etc.) Tools like Scissors, Scales etc. Cloth violin Thabala Flute
How much did you spend on these resources in the previous financial year? (In Rs.)	15000

What is your approach to using instructional resources for mathematics to meet the needs of your students and faculty?	<p>The Mathematics Education Department prepares future teachers to communicate clearly and instruct mathematics in the classroom. Through course work and spending time in classrooms, student teachers in this department will learn how to disseminate mathematical knowledge and concepts to secondary and higher secondary students and how they can be applied to a wide array of analytical, technological, scientific applications. For getting these abilities the students teachers are provided with several innovative method of teaching mathematics in order to develop mathematical literacy for the school students, our teacher trainees are well equipped with current knowledge of different learning methods. Also they will be encouraged to develop their own innovate strategies which are the need of the day. Also student teachers will be given ample chance to explore their intuitive and creative abilities to develop mathematical interest among the students through co operative collaborative and ICT mediated instructional strategies. We also give training on the social constructive instructional strategies which increase the mathematical creativity among the learners. We are providing; process oriented guided inquiry learning, application and analysis of videos, interactive lecture demonstration and teaching with models etc. We are well equipped for giving training to web based instructional strategies which will help to produce ICT friendly teachers to the society.</p>

How much did you spend on these resources in the previous financial year? (In Rs.)	2775

Details	Information Provided by TEI
What is your approach to using instructional resources for languages to meet the needs of your students and faculty?	In classes web-based resources are made use of. Films related to lives of teachers are worth for both students and faculty for a better attitude towards the noble profession of teaching. Video recordings of classes using different teaching methods and accessing online input is another effective strategy used. Multi-media resources serve a lot for conveying the different pedagogical elements. Language lab activities help a lot in the acquisition of language skills and other language elements such as pronunciation and vocabulary. It also helps in the effective communication of English language. Observation of video lessons, demonstrations, criticism lessons, video recording of micro-teaching classes, peer observation etc. are the other effective strategies used. Students are made to explore online resources and prepare reports. They are also made to compare same content available in different digital formats. Students also made pair and group works to prepare content based instructional materials. Creation of blog, design and production of digital resources etc. are other activities done. Awareness about MOOC also becomes a part of the programme. e-padasalai and Brahaspati are also made familiar to students.

<p>What is your approach to using instructional resources for science to meet the needs of your students and faculty?</p>	<p>The main objectives of teaching science are to encourage and enable students to develop . innovative contributions in the field of science and technology • Curiosity enquiry and positive attitude towards nature and Natural beings. • Modern skills including using and applying new media and Communication tools. To achieve these objectives the department practices Following innovative approaches</p> <ol style="list-style-type: none"> 1. Activity oriented approaches by utilizing the different resources of department like Science laboratory, e-resources, living corners, aquarium/pisciculture, terrarium,vegetable garden, ornamental garden, museum etc.. 2. The research based integrated approaches through practicum and innovative projects. 3. Blended learning approaches by lecture tutorial and active learning. 4 .The supervised enquiry based learning through project Printed methods were also practicing <p>For modern skill development in teaching learning process, the department provide opportunities for using and applying new Media and communication tool flowingly. In classes web-based resources are made use of. Video recordings of classes using different teaching methods and accessing online input is another effective strategy used. Multimedia resources serve a lot for conveying the different pedagogical elements. Observation of video lessons, demonstrations, criticism lessons, video recording of microteaching classes, peer observation etc are the other effective strategies used. Students are made to explore online resources and prepare reports. They are also made to compare the same content available in different digital formats. Students also made pair and group works to prepare content based instructional materials. Creation of blog, design and production of digital resources etc. are other activities done.</p>

What is your approach to using instructional resources for social sciences to meet the needs of your students and faculty?	Aim of teaching of social science to students in school classes is to excite them about the real life in the global scenario with changing perspectives of the world along with world by changes in geographic teaching, and their relationships and nature. It widens the boundaries which are in countless ways to lay a foundation upon which they can build. The teaching of social sciences develop their personality, critical thinking, creative thinking and observation through the problem solving, dramatization, and role play by the usual classroom teachings by using video lessons, cinemas, power points, demonstrations, field trips, graphic organizers, cooperative learning, writing and presenting information, using oral and visual activities such as booklets, biographies, interviews, virtual classrooms etc. Different types of teaching learning methods are also equipped in the classrooms by using a high speed internet facility. The students have online experiences with computers, CD ROMs , OHPs, television film and filmstrips, videotapes, blogs etc.

Basic Information	 <p>The image shows a certificate from the University of Kerala, Faculty of Education. It is a Master of Education (M.Ed) certificate awarded to Rany S. The certificate is dated 24th June 1988 and is signed by the Vice-Chancellor. It mentions the examination held in September 1987. The certificate is awarded for the Degree of Master of Education, having been certified by duly appointed Examiners in Theory Part I (Elective Group: Science Education and Educational Technology) and Thesis Part II, to be qualified to receive the same, and having been by them placed in the Second Class at the examination held in September 1987. The certificate is given under the seal of the University. There are two circular stamps: one from the University of Kerala and another from Sree Narayana Training College, Nedunganda, Varkala. The certificate is also stamped with 'DR. RANY S. Principal in Charge, Sree Narayana Training College, Nedunganda, Varkala'.</p>

Evidence Details	Evidence Image
<div>Infrastructural Compliance</div> <div>Images of all classrooms</div> <div>Theory</div> <div>Description</div> <div>class room</div>	 A group of approximately ten women are seated at two long wooden tables in a classroom. They are dressed in traditional Indian attire, including sarees and salwar kameez. The room has light-colored walls, a few framed pictures, and a window in the background. The women appear to be engaged in a group activity or discussion.
<div>Infrastructural Compliance</div> <div>Images of all classrooms</div> <div>Theory</div> <div>Description</div> <div>class room</div>	 A classroom interior showing several long wooden desks and wooden chairs. A green chalkboard is positioned in the center of the room, displaying some handwritten text. The walls are light blue, and there are some posters or notices on the wall. The room appears to be a typical classroom setting.
