

One Day Seminar on Conservation of Mangroves at Anjengo Village- 2019

The Bhoomitrasena club of SNTC organized a one day seminar on Conservation of mangroves at Anjengo village on 11/7/2019. The programme was organized in collaboration with State Wetland Authority, Kerala. Dr.Sheeba P., Principal SNTC welcomed the gathering. Sri.Aji S.R.M., executive member, S.N.Trusts, inaugurated the function and delivered the keynote address. Sri.Praveenachandra, member of Anjengo village and Dr. Smitha S., Assistant Professor, SNTC facilitated the function. Dr.Biju C., Assistant Professor, S.N. College Sivagiri, lead the class on the conservation of mangroves. He spoke about various types of mangroves and the specific characteristic features which are specially found in India. The talk was able to enrich the prospective teachers with desirable values on the protection of environment. The proposed project is intended to implement in the 6th ward of Anjengo village which is a costal area and there is chances of disasters like Tsunami and flood. Hence the project by the college is found to be an urgent need for the benefit of the environment. Miss. Aparna R, (Physical Science) proposed the vote of thanks for the programme. Sri. Praveen R., Assistant Professor, SNTC coordinated programme.
